

Bias Reporting

What is Bias?

A "bias incident" consists of harassment, intimidation or other hostile behavior that is directed at a member of the William and Mary community because of that person's race, sex (including pregnancy), age, color, disability, national or ethnic origin, political affiliation, religion, sexual orientation, or veteran status. A bias incident may be verbal (whether spoken or written) or physical.

If you are not certain whether an occurrence meets the above definition, please report the occurrence under this protocol and allow the College to make the determination.

If you wish to report an incident of bias, you may do so by contacting the Chair of the Bias Reporting Team. Please, if this is an emergency, contact Campus Police at 911.

This reporting site is designed for the explicit use of members of the William and Mary community. In order to preserve the security of our community, you are being asked to login using your WMuserid and password. It is important for you to know that only information about the reported incident will be viewable by the Bias Reporting Team (BRT). In other words, the team will not receive information about the identity of the person reporting the incident. **If you wish to receive follow-up or further investigation of the reported incident, you will need to provide contact information in the space provided within the**

form.
