re: Keith Sampson

Dear Joe,

Mr. Sampson has been waiting patiently for an apology and notice that the letter from the Affirmative Action Office has been removed from his file. It would be appreciated if you could let me know the status of this matter. It appears clear to me that Mr. Sampson's First Amendment rights have been violated and I would hope that this could be corrected immediately.

Thank you very much.

Very truly yours,

*Kenneth J. Falk*
