

Beds & Lofts

Bunks and Lofts: The use of personal bunk beds or lofts is strictly prohibited, regardless of make or manufacture. Lofts are defined as the raising of beds higher than their original position; such as, but not limited to, placing concrete blocks or storage crates under the bed frame.

Waterbeds: Waterbeds will be accommodated only under all of the following conditions:

1. Owner must be assigned to a private room.
2. Room must be located on the first floor of the residence hall.
3. If the furniture is moved to accommodate the bed, it must be stored in the involved room. Room must be re-set at check-out.
4. An Assumption of Liability form must be signed by the waterbed owner. Liability applies to accidental or deliberate damage due to any cause.
5. Room assignment arrangements must be made by the involved student. Housing will not change assignments in order to accommodate these requests.

For information, contact the Office of Housing & Residence Life.

Windows, Screens, & Doors

Removal: Window screens and storm windows may not be removed. If a window screen or storm window is removed or unfastened, the maintenance staff will re-install it and a charge of \$25.00 will be levied against the resident(s) of the room. If the screen or storm window is completely removed and cannot be located, a new one will be installed and charges will be assessed to the resident(s) for replacement costs.

Storing Food in Windows: Storing food or other items in the window is prohibited as it presents a potential sanitation problem and loosens screens to a degree that they may fall out.

Illicit Access: Gaining access to an apartment/room through any means other than the door is strictly prohibited.

Propping Doors: Residents are permitted to prop their personal room doors open, provided that the method of propping does not damage the door, hinges, frame, closure apparatus, door lock mechanism, door handle, floor or any other surface. Dismantling of door closures will result in the immediate repair of the door and damage charges being assessed. Residents are solely responsible for the safety and security of their room when electing to prop open their door.

Exterior Doors: Exterior doors will remain locked 24-hours a day. Students must use their ASU Campus Card or room key to gain entry.

Decorations

Exterior Decorations: Placing signs in windows and on the exterior of room doors in university residence halls is considered a resident's privilege. As with any privilege, certain responsibilities are inherent. Should window decorations be considered inappropriate the resident will be asked to remove them. Controversial or antagonistic materials may draw personal confrontations from others within the community who may be offended by the content. The placing of inappropriate or offensive material including but not limited to, nudity or extremely violent items on the outside of a room door may result in immediate removal. Community standards are stated as decorations or displayed material one would find in the community of Alamosa.

Damage to Surfaces: While decorating one's room or apartment is encouraged, the use of nails, contact paper, screws, staples, putty or glue on walls, furniture, glass, doors, or other woodwork is not permitted. Residents may use scotch tape, masking tape, "Hold it," and "Plasti-tak," which does not leave residue after being removed. Residents in violation of this regulation must be prepared to pay for the restoration of any damaged surface(s).

Empty Alcohol Containers: Empty alcoholic containers may NOT be stored or used for decorative purposes and may result in an alcohol violation.

Barbecue Grills

Barbecue grills (both gas and charcoal) are allowed ONLY in apartment style areas. The area below the grill must be kept clean from grease, food, and ash and the grill must be well maintained. Failure to comply may result in removal of grill and charges may be assessed for cleaning/damages.
